General provisions

The following general terms and conditions govern the use of online and mobile games and other services provided by Pierre Pellegrin, an individual domiciled at 46 rue Léon Frot, 75011 Paris, France (hereinafter, "Pierre Pellegrin", or "the publisher", "I", "my", "us", "our"), using my game application, Quiz Rap, made available via Apple's App Store and the Google Play Store (hereinafter, the "Game", or "Application", or "Quiz Rap"), from my website at www.quizrap.fr (the "website") and any related services (hereinafter, including the Game and the Site, the "Services").

The general conditions of use can be consulted via the address: <http://quizrap.fr/cgu.pdf>.

Types of Data collected

Among the types of Personal Data that this Application collects, by itself or through third parties, there are: Cookies, Usage Data, unique device identifiers for advertising (Google Advertiser ID or IDFA).

Pierre Pellegrin, via the services offered, does not collect personal data on users playing the application. The only data collected is usage data, collected automatically when using the application, i.e.:

- The unique identifier of your device. This information then allows you to know the questions you have answered and the answer you have given without the user having to create an account on the application.

Unless specified otherwise, all Data requested by this Application is mandatory and failure to provide this Data may make it impossible for this Application to provide its services. In cases where this Application specifically states that some Data is not mandatory, Users are free not to communicate this Data without consequences to the availability or the functioning of the

service. For example, a connection via Game Center or Google Play Games Services may be required at launch in the application to use ranking features, set up by Apple in the case of Game Center and Google in the case of Google Play Games Services. Even if you connect via one of these platforms, Pierre Pellegrin, via his game Quiz Rap, does not collect personal data, your username will then be referred to your score in the leaderboard but will not be collected in the Quiz Rap databases.

Through the use of the services, certain information gets created and logged automatically. Data collected are listed below:

- **Log data.** When you use Quiz Rap, our servers record data including information that your device automatically sends when you use one of the services. Including your Internet Protocol address, approximate location and time zone, the date and time of your request, operating system, language and device data. We collect the duration of your session, and some events as clicks and views.
- **Device information.** In addition to log data, we collect information about the device you're playing Quiz Rap on, including type of device, settings, unique device identifiers and crash data that helps us understand when something has a problem. Different types of information are available depending on whether you're using an iPhone or an Android phone. To learn more about what information your device makes available to us, please also check the policies of your device manufacturer. When you are using my Application, your Google Advertising ID (on Android) or your advertising Identifier: IDFA (on iOS Devices), for advertising purposes.

Usage of your information

The information collected are used to provide the Service to you by showing you content that's relevant and interesting. Then, it's mandatory for us to use your information to:

- Identify you when you Quiz Rap and track your score and your progress. We collect score points, achievements, the questions you have answered and if you answer correctly to the question or not.
- Display your username (only if you connect to Game Center or Google Play Game Services) and your profile picture in leaderboards.
- Recommend questions to display you to improve your user experience.

We have a legitimate interest in collecting this data. It is necessary for the user as well as for the proper functioning of the service.

Third party applications may have access to information such as:

- **Flurry.** Flurry is an analytic tool to help us understand user's usage of Quiz Rap. Flurry has access to cookies and usage data.
- **AdMob.** AdMob is a service delivered by Google to display advertisements on apps. This service is used to display advertisements on Quiz Rap. AdMob has access to cookies, unique device identifiers for advertising (Google Advertiser ID or IDFA) and usage data.
